PermaTherm | EPS Panels

Architectural Insulating Panels

Thermal Resistance Values

Panel Thickness	R-Value	K-Factor
2 in.	8.34	.24
3 in.	12.51	.24
4 in.	16.68	.24
6 in.	25.02	.24
8 in.	33.36	.24
10 in.	41.70	.24
12 in.	50.04	.24

** All values are calculated using core material of Type 1 (1 lb. Density) EPS Foam. Greater values can be reached with higher density foam which is available.*
